

Lists of every kind

A bullet list uses hyphens:

- Bread
- Cheese
- A quiet afternoon

A numbered list uses plus signs, and Typst counts for you:

1. Boil the water.
2. Add the pasta.
3. Wait, impatiently.

Nest by indenting, and mix the two freely:

- Fruit
 1. Apples
 2. Pears
- Vegetables
 - Leafy
 - Root

A term list pairs a term with its description:

Markup the content layer you type by hand.

Set rule a way to change a default, covered in Chapter
