

| <b>Feature</b> | <b>What it does</b>                                         | <b>Since</b> |
|----------------|-------------------------------------------------------------|--------------|
| Preview        | Recompiles as you type, usually faster than you can notice. | v0.1         |
| Packages       | A central registry you pull templates and tools from.       | v0.6         |
| HTML export    | An experimental second output format beside PDF.            | v0.11        |
