

# 1. Introduction

This note has three parts. The groundwork is laid in Section 1, the numbers arrive in Section 2, and the verdict is Section 3.

## 1.1. Prior work

Nothing here is new; Section 2 is where the change shows up.

# 2. Results

The measurements sit in Figure 1, plotted from the bench log.

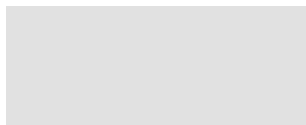

Figure 1: Three readings, standing in for a real plot.

# 3. Conclusion

As Section 2 showed (and Section 1.1 predicted), the effect is small but real. The long form of a reference is Section 2.
